Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Chris

Last name

Doudney

Email address

Suburb

Redcliffs, Christchurch

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

65+ years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

need to remove barriers for young users of transport

Any other comments on bus fares?

would support free bus travel for all

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How else might we pay for our share of this work?

cutting other budgets

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

government plus regional bodies

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

reduce agricultural intensity, plant more stream banks

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Electrify everything - greatly accelerated, particularly electric buses

Any other comments on future funding for responding to climate change?

Fund and subsidise wind and solar power generation, homeowners and regionally.

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

The Climate Emergency is THE emergency. The Council must promote the cessation of fossil fuel use, and must itself be a leader in all aspects of electrification
