**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

I want to see more commuters using the buses. It is important to me that we reduce the number of individuals using personal cars to get to work and take the bus instead, because this would greatly reduce our carbon emissions. I think a two dollar fare is much cheaper than the original fare and will encourage adults to take the bus.

Thank you for changing the bus fares, it is really important to me that our public transport system is strengthened and is a small step towards helping mitigate climate change.
