Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

25-39 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

Tell us more about why you support the selected bus fare option.

An all inclusive fare plus kids seems more fair to me. The cheaper the bus is for everyone the better. More buses less cars.

Any other comments on bus fares?

Bus drivers do a great job

How else might we pay for our share of this work?

unsure

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

unsure

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Restoring biodiversity, more protected natural areas. Major reduction in land used by animal agriculture, and any effort to transition from animal to plant production to reduce climate affects and the number of animals killed for food. encouraging more electric vehicles, buses, cycles.

Any other comments on future funding for responding to climate change?

We cant ignore the massive impact animal agriculture has. Immediatiely removing any subsidies for the likes of dairy etc would be fantastic. Promote more sustainable farming of plants.

Where did you hear about the consultation?
