Email address

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I believe we should target savings at those most in need of it. Shifting transport away from car use is an important part of addressing climate change and free public transport would be a very good step towards this. It's time start big changes now!

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Research into impacts of coastal sea level rise. Increased support for community projects on revegetation. Improved infrastructure to make walking and cycling easier, particularly in the less wealthy areas of town. Increased tree-planting to lower temperatures within the city. Support for Christchurch to become a national park city.
