Email address

Suburb

Lyttelton, Lyttelton

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

I am very worried about the climate crisis. I think free fares would incentivise people to use public transport more often.

Any other comments on bus fares?

I would like bike commuters to be able to travel by bus between Lyttelton and the gondola station for free.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

General rates and with carbon taxes at a local level.

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Supporting farmers to phase out Synthetic Nitrogen use, better public transport, renewable energy, wetland restoration and increased biodiversity.

Where did you hear about the consultation?

Word of mouth
