Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

15– 24 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

This allows students, and cardholders, access to bus options without financial barriers, or reduce barriers. This also reduces the cars, car usage and congestion on the roads, making it safer for pedestrians/cyclists and reduces green house gas emissions

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

Fundraisers

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Government-funded, these are natural disasters and therefore are not the responsibility of the Waitaha area, yet individuals in Ōtautahi are bearing the consequences of flooding impacts

Which option for distribution of rates in Ashburton River rating district do you support?

Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Awareness of what individuals can do to reduce their contributions (e.g. reducing meat, car consumption), as well as how we can approach corporations that are the biggest contributors

Where did you hear about the consultation?
