Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Fergus

Last name

Gregory

Email address

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

65+ years old

Do you wish to speak to your submission at a Council hearing?

Yes

Which bus fare structure option would you like to see trialled?

I don't have a preference

Tell us more about why you support the selected bus fare option.

I have known for a long time that nothing in life is free. Everything has a cost. When someone or some group of people receive something for "free " then someone else will have to pay for it. And it is often someone who can least afford to pay.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Don't know

How else might we pay for our share of this work?

When the government pushes the 3 water legislation through parliament will they do this work.

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

It is a national disaster if not fixed, so some of the funding should come from central government.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

NZ farmers are the best in the world at producing food, so any "levy's taxes" for climate change should be available to make them even better at what they do now.

Where did you hear about the consultation?
