**Are you submitting on behalf of an organisation?**

No, I'm submitting as an individual

---

**Which age category are you in?**

25-39 years old

---

**Do you wish to speak to your submission at a Council hearing?**

No

---

**Which bus fare structure option would you like to see trialled?**

Option 2: \$2 flat fare for adults and \$1.20 for children across bus zones 1, 2 and 3

---

**Tell us more about why you support the selected bus fare option.**

I prefer option 2 as this would encourage me and my family to use the facilities. Option 1 doesn't encourage me as we're just out of the threshold for a community services card. I believe Option 2 is suited to the whole community rather than a select group.

**Is borrowing and repaying through general rates the right approach for this regionally significant event?**

No

---

**How else might we pay for our share of this work?**

Ask the Ashburton council rate payers to pay for it.

---

**How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?**

Council assests

**Which option for distribution of rates in Ashburton River rating district do you support?**

Option 2 (status quo): Keep the current distribution of rates in the Ashburton River rating district.

---

**Would you support a levy to accelerate action in response to climate change?**

No

**Any other comments on future funding for responding to climate change?**

How in the world are we supposed to get ahead when we are constantly taxed and have increaes. It's too much and becoming unaffordable.
