Subject: Submission on draft Annual Plan 2022/23

Anonymous User just submitted 'Draft Annual Plan 2022/23 submission' with the responses below.

First name

Kiri

Last name

Jarden

Email address

Suburb

Lyttelton, Lyttelton

Phone number

Are you submitting on behalf of an organisation?

No, I'm submitting as an individual

Which age category are you in?

40-64 years old

Do you wish to speak to your submission at a Council hearing?

No

Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

More benefits for users and more opportunity to grow patronage and so reduce emissions.

Any other comments on bus fares?

It would be great to get bikes on buses to get through the tunnel as an option. Ensure the ferry to/from Te Waipapa Diamond Harbour remains affordable for commuters.

Is borrowing and repaying through general rates the right approach for this regionally significant event?

Yes

How do you think recovery from flooding of this scale – events that impact state highways, bridges, rail and power for example – should be funded in the future?

Has to be some preemptive investment to improve roading, bridge, rail and power and there should be central govt investment in this-particularly along main arterial routes.

Which option for distribution of rates in Ashburton River rating district do you support?

I don't have a preference

Would you support a levy to accelerate action in response to climate change?

Yes

What current or future projects or activities would you like to see funded by such a levy?

Waterway restoration, development of commuter rail (linking Canterbury towns currently on the existing rail corridors to Chch), planting programmes with communities...

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

Be ambitious for our and our children's future-clean water and clean air, a greener landscape, and ensure equity of access to transport. Manaaki whenua, manaaki tangata, haere whakamua.

Where did you hear about the consultation?
