Option 1 (preferred): Redistribute rates in the Ashburton River rating district.

Any other comments on flood protection in Ashburton?

Stop pulling out all the willow trees

Would you support a levy to accelerate action in response to climate change?

No

Any other comments on Environment Canterbury's draft Annual Plan or other matters?

Willow trees hold the banks in place. Willow trees are a great source of food for the bees while they wait for the new seasons food. Gorse and that other yellow flowered bush are a great source of food for the bees. As a small country it is ridiculous that we should have to pay fines for not meeting targets. Opted out of those dumb schemes and spend the money on sensible things
