Which bus fare structure option would you like to see trialled?

Option 1 (preferred): Fare-free for under 25s, students, Total Mobility and Community Services card holders

Tell us more about why you support the selected bus fare option.

Option 1 has a population who are not on the same financial level as others. For the population of Option 1, taking the bus to travel around is a must, and so, it takes some out of their budget for the week every week. Why should people who are already struggling financially compared to others be made to struggle more? Travelling is a necessity in this country, it shouldn't be difficult.
