## Recommended change to the Canterbury Land and Water Regional Plan pursuant to Clause 16(2) of Schedule 1 to the Resource Management Act 1991 (RMA)

Clause 16(2) of Schedule 1 to the RMA states:

*“A local authority may make an amendment, without using the process in this schedule, to its proposed policy statement or plan to alter any information, where such an alteration is of minor effect, or may correct any minor errors”*

The following amendments are recommended to correct minor errors in the Canterbury Land and Water Regional Plan (LWRP). Recommended deletions to text are shown in ~~strikethrough~~ and recommended insertions are shown in underline.

Location in Plan	Recommended Correction	Reason for Correction
Table 13(b): Hakatere/Ashburton River Catchment Environmental Flow and Allocation Limits	<del>BX20:808-742</del> <u>BX20:818-566</u>	The Topo 50 Map Reference within Table 13(b): Hakatere/Ashburton River Catchment Environmental Flow and Allocation Limits for Taylors Stream is incorrect.

It is considered appropriate to use Clause 16(2) to Schedule 1 to the RMA to amend the Canterbury Land and Water Regional Plan to make this change as the current location is incorrect.

### Recommendation

The above change as recommended by Environment Canterbury staff, is approved as a correction of a minor error under Clause 16(2), and a copy of these changes is displayed on the Environment Canterbury Website.

Delegated Authority: Andrew Parrish, Regional Planning Manager
