

Memo

Date	16 February 2023
To	Andrew Parrish (Planning Manager)
CC	Sam Leonard (Principal Planning Advisor)
From	Zoe Muir (Hearings Officer)

Recommended change to the Waitaki Catchment Water Allocation Regional Plan pursuant to Clause 20A of Schedule 1 to the Resource Management Act 1991 (RMA)

Clause 20A of Schedule 1 to the RMA states:

“A local authority may amend, without using the process in this schedule, an operative policy statement or plan to correct any minor errors”.

The following amendments are recommended to correct minor errors in the Waitaki Catchment Water Allocation Regional Plan.

1. After Section 10 and before Map 2, re-insert Map 1 (Catchment and regional boundaries)
2. After Map 1 and before schedules section, re-insert Map 2 (Division of catchment areas for locality-specific issues and policies)
3. After Schedule 3 and before Annex 1, re-insert section (Changes to the Regional Plan: Water for Otago)
4. After Section (Changes to the Regional Plan: Water for Otago), re-insert Map F61 (Significant Wetlands)

Through previous plan changes and amendments, the above maps and section were dropped from the online version of the plan. This minor amendment reinstates them.

It is considered appropriate to use Clause 20A to Schedule 1 to the RMA to amend the Canterbury Land and Water Regional Plan to make these changes as these are minor amendments.

Recommendation

The above change as recommended by Environment Canterbury staff, is approved as a correction of a minor error under Clause 20A, and a copy of these changes is displayed on the Environment Canterbury Website.
