

# Nassella Tussock

## Checklist

Book your contractor early; don't leave it until later in the season.

Don't assume they are coming just because they came last year – ring them now to confirm.

Make sure you confirm the precise week the contractor will come.

Don't be daunted; Environment Canterbury can offer advice and help.

There is a list of contractors overleaf.

Contact the Environment Canterbury  
biosecurity team on 0800 324 636 or
