Select your local city or district council:

Waimakariri District Council

Tell us how important each of these objectives is to you:

Maintenance Very important

Resilience Very important

Emissions	Very important
Growth	Very important
Safety	Very important
Freight	Important

If you think we should consider other objectives, please describe what they are and why they should be considered:

Collaboration with other infrastructure providers i.e. utilities and district councils to ensure requirements to deliver on the plan are in place to enable coherent delivery of the plan.

Target 2: 41% reduction in greenhouse gas emissions from land transport in Canterbury by 2035

Early engagement with electricity providers is critical to ensuring infrastructure is in place to meet this target.

Tell us how important each of these priorities is to you:

Create a well-maintained network	Very important
Manage risk of exposure to extreme events	Very important
Support and develop connected public and active transport networks	Neutral
Implementing safer systems (Road to Zero)	Important
Support and develop freight systems connecting to air, rail and sea	Neutral

Are there specific actions you think should be taken to help achieve these priorities?

Collaboration with other infrastructure providers i.e. utilities and district councils to ensure requirements to deliver on the plan are in place to enable coherent delivery of the plan.

Do you have any other comments that you would like to make on the draft Plan?
