Are you giving feedback on behalf of an organisation?

No

Select your local city or district council:

Christchurch City Council

Tell us how important each of these objectives is to you:

Maintenance	Important
Resilience	Important
Emissions	Very important
Growth	Important
Safety	Very important
Freight	Important

Target 2: 41% reduction in greenhouse gas emissions from land transport in Canterbury by 2035

Target should be higher. Transport emissions comprise a large part of the emissions portfolio in Canterbury and we need to do better.

Target 3: 100% increase in tonnage of freight moved by rail in Canterbury by 2034

Only support this if the result is a net decrease in emissions.

Tell us how important each of these priorities is to you:

Create a well-maintained network	Important
Manage risk of exposure to extreme events	Important
Support and develop connected public and active transport networks	Very important
Implementing safer systems (Road to Zero)	Important
Support and develop freight systems connecting to air, rail and sea	Neutral

Are there specific actions you think should be taken to help achieve these priorities?

Increase funding for cycle infrastructure and public transport.

Do you support investigating alternative approaches to fund transport system improvements?

Don't know

Are these the right measures of success?
