Subject: Regional Land Transport Plan submission

Anonymous User just submitted the survey 'Draft Regional Land Transport Plan submission' with the responses below.

First name

Antoinette

Surname

Archer

Email address

Are you giving feedback on behalf of an organisation?

No

Select your local city or district council:

Waimakariri District Council

Tell us how important each of these objectives is to you:

Maintenance	Very important
Resilience	Very important
Emissions	Neutral
Growth	Important
Safety	Neutral
Freight	Important

Target 1: 40% reduction in deaths and serious injuries on Canterbury roads by 2030

Agreed but its more than roading

Target 2: 41% reduction in greenhouse gas emissions from land transport in Canterbury by 2035

Idealistic - lets fix the network, get efficiency then worry about emissions

Target 3: 100% increase in tonnage of freight moved by rail in Canterbury by 2034

Great goal, we need to move more to rail

Tell us how important each of these priorities is to you:

Create a well-maintained network	Very important
Manage risk of exposure to extreme events	Very important
Support and develop connected public and active transport networks	Very important
Implementing safer systems (Road to Zero)	Neutral
Support and develop freight systems connecting to air, rail and sea	Very important

Are there specific actions you think should be taken to help achieve these priorities?

Ensure rural people have good roads too - and speed limits reductions = longer commute = more people rushing making poor decisions

Do you support investigating alternative approaches to fund transport system improvements?

Don't know

Are these the right measures of success?

Don't know

Are there other monitoring indicators or measures of success that you think should be included?

Commute time, satisfact

Would you like to speak to your submission at a hearing in March?

No
